

USEFUL COSTUMES.

Silk Linings Necessary to Tailor Made Suits—Unlined Summer Dresses.

Tailor made costumes remain in vogue during all seasons. In the winter they are composed of heavy cloth or of boucle goods, for spring and fall they are of satin finished cloth, cheviot and similar materials, and in summer they are of alpaca, mohair, pique and duck. Their convenience and neatness render them indispensable for walking and shopping, and for more elaborate purposes they may be rendered as elegant as is desired. Perfect form and fit are requisite, as well as fine finish, in order for them to be really effective and satisfactory.

The skirt of tailor made gowns is a little narrower than that of costumes of other styles, and as the material employed is usually very wide it is cut differently. On account of the weight of the goods and their thickness the interlining of haircloth is narrower, nine or ten inches sufficing for the width of the stiff facing. It is cut of the same form as the skirt. Faille or taffeta is the most satisfactory lining. Although it is expensive, it is light of weight

and gives the folds good shape and should be used whenever it can be afforded.

Tailor bodices are very simple in form and trimming. A little velvet or embroidery is employed, fine buttons, stitching and straps. It is not always necessary to have jacket fronts and a vest for a tailor costume. There is a great variety of close corsages with different collars, revers and sleeves. Few button sleeves are worn, the sleeve made in one piece being more suitable.

Skirts and coats of pique and duck are not lined. All the seams are faced inside with tape, and the foot of the skirt has a deep hem, which allows it to be lengthened if it shrinks when it is washed.

The costume illustrated is of gray hue and has a godet skirt which is quite plain except that the front breadth is defined by rows of stitching. The coat has a ripple basque of medium length and is lined with changeable silk. The sleeves have flaring turned back cuffs. The vest, of black and white striped silk, has a large box plait in front, either edge of which is adorned with a fine silk piping. The silk collar has lace corners.

Latest in Hairdressing.

A full loose effect around the nape of the neck is a conspicuous feature in up to date dressing of the hair. The hair is waved on a large iron to make it stand out, arranged very loosely, and the ends are coiled quite high on the head. This affords a resting place for the hats worn tilted over the eyes.

To Clean White Coral.

Soak the coral in soft water for 12 hours, then place it in a solution of chloride of lime and let it remain for 24 hours. Take out the coral and wash it thoroughly under the faucet. If the coral is not clean repeat the process, then place it out in the sun to bleach.

Blood Poisoning

13 Running Sores Cave Way to Hood's Sarsaparilla.

C. I. Hood & Co., Lowell, Mass.

"Gentlemen—Thirteen years ago I was in Cour De Alene, now called Fort Sherman, Idaho. While there I went in swimming one day and caught cold, chilling the bone in my leg, causing a fever sore on my limb. The sore continued about three months, continually rotting my leg until it got up to my knee, when I had the limb amputated. My leg was so rotten that after the limb was amputated the foot dropped off. From this state I got blood poisoning and had

Thirteen Running Sores on my body. These sores continued from three to four years, my blood being in a terrible condition. After this I commenced taking Hood's Sarsaparilla. I used three bottles and found it did me good, so I kept on until I had used ten bottles or more. My blood was completely cleansed. The sores stopped running and have not troubled me any now for six years. My appetite and digestion are good and I am perfectly well. I owe my cure to Hood's Sarsaparilla." P. S. KINZIE, Washington, Vt.

The Medicine That

Makes People Well!

Why suffer longer with liver and stomach trouble? Paine's Celery Compound will make you well. Read how it cured Mr. J. M. Buchner.

KETTLE FALLS, WASH., Dec. 9, 1894.

Gentlemen:—I have taken only two bottles of Paine's Celery Compound for rheumatism, and liver and stomach troubles, and will be frank in saying that I am well pleased with the results. I used one bottle and was so much better that I abandoned its use for a time, but my old stomach trouble made its appearance again. I procured another bottle in September and after using that I felt well.
